A NOTE FROM Mel Bay

This is not just another Christmas Folio for the Guitar. Some of the most popular Christmas songs ever published are included in this book. No effort has been spared to make the selections interesting and musically enjoyable for the guitarist.

The top-line is the solo part, arranged in an easy style for the student guitarist with interesting but simple figurations to relieve monotony often found in easier arrangements. Some of the better known popular selections have advanced solo parts on the second line, as these numbers are standard Christmas songs never before presented to the guitar player. The bottom part has the lyrics and chord accompaniment for the vocal-guitarist and accompanist.

This folio is ideal for studio material as well as home recreation.

It has been a real pleasure creating this folio for your enjoyment.

Good Luck and MERRY CHRISTMAS!
